LET CONTRACT AT EUB CHURCH FOR NEW UNIT

The building committee of the Memorial EUB Church of Gettysburg Tuesday evening awarded contracts for the erection of a two-story Christian education unit to be built at the rear of the church building on W. High St.

Weather permitting the ground breaking will take place on Sunday, February 1.

Contracts awarded Tuesday evening and to be signed next week, total \$43,352.

The general construction contract was awarded to Secrest and Kump, Chambersburg, at \$29,232. Klinefelter Electric of Biglerville will do the electrical work for \$4,470. The plumbing and heating contract went to D. P. Kurtz and Son, Boiling Springs, for \$9,650.

Gas Fired Heating

The new building will measure 60 by 53 feet and will have a basement and a ground-level floor. The building will have a flat roof and will be built of concrete block, faced with brick. The basement will include a fellowship hall measuring 28 x 41 feet and a kitchen and furnace room. The new heating plant will be a gas-fired hot water system that will be used to heat the present church building also. The structures will be divided into five separate heating zones.

On the first floor will be a pastor's study and church office, a lobby or vestibule and four large classrooms which can be divided by movable partitions. The church office and study will be finished in simulated wood paneling.

The plans include insulation of the present church building and the painting of its exterior woodwork. New sidewalks will be laid. Work of redecorating and remodeling the parsonage, next door to the church, is being completed. A new heating plant also was installed there.

Raised Fund

Nearly two years ago the church conducted a fund raising campaign when about \$23,000 in cash and pledges was raised covering a three-year period.

J. Richard Kohler, Chambersburg, is the architect.

The building committee includes the pastor, the Rev. Harry J. Fehl Jr., chairman; Thomas Treher, treasurer; Fred Sanders, Donald Gorman, Lester Dengler, Autry Nunamaker, T. U. Geiman, Allen Slonaker and Paul Lentz.

BATTLEFIELD PURCHASES IN IKE'S BUDGET

An appropriation of \$1,886,800 for acquisition of lands and water rights, chiefly in the Gettysburg and Manassas areas, to make the areas ready for the centennial observance of the Civil War in 1961 is asked in President Eisenhower's 77 billion budget presented to Congress Monday.

An additional \$418,300 is included for construction of roads and trails in the National Military Park here. These budget amounts are included in the \$80,075,000 appropriation asked for and recommended by the President for the National Park Service activities.

This is an increase of \$319,000 over the present fiscal year's budget for the service but allows \$6.4 million less for construction of buildings and utilities.

Other Items

Appropriations for roads and trails total \$18 million and also includes \$1,491,300 in the District of Columbia.

The C & O Canal National Historic Park is included with \$100,000 requested. For Harper's Ferry \$159,600 is budgeted.

Antietam Battlefield, near Sharpsburg, Md., is not mentioned in the budget details of news dispatches from Washington. However, it is to be the subject of legislation which Maryland congressmen have indicated they will introduce in the current session.

Codori Costumes Musicomedy Hit

Joe Codori, son of Mr. and Mrs. Joseph E. Codori, York St., designed the costumes for "On the Town," a musical comedy, starring Harold Lang and Pat Carroll, which was revived recently at Carnegie Hall Playhouse in New York City. The show has a cast of 29.

The story and lyrics are by Betty Comden and Adolph Green. Leonard Bernstein composed the music which is directed by Peter Howard.

Dorothy Kilgallen, in the New York Journal-American, said "the off-Broadway revival of 'On the Town' proves it's a musical comedy classic — not to be missed." The New York Times called it a "model of ingenuity, lively, tuneful and pretty consistently amusing" while the Herald-Tribune said it "has a springlike air about it, a fresh, gentle and beguiling charm that is entirely its own."

COUNTY GIVES RELIEF WHEN DPA, UC FAIL

"Outdoor relief," which once flourished as the principal means of helping the poor in the county, but which has long since lapsed into infrequent use because of public assistance, unemployment compensation and other emergency fund sources, was called back into existence this morning by the county commissioners at their meeting in the court house to aid a young woman and her four children who found themselves caught in a web of red tape.

The woman's husband is in a penitentiary, leaving the wife to shift for herself in the care of the children. She was employed until the need to care for the small children forced her to "voluntarily" leave her employment, thus cutting her off from unemployment compensation under the rules.

Lost Residence

Nor could she get public assistance because the family, although originally residents of the county, had moved out of the state for a period and did not move back into the county until last February 15. As a result, she cannot get assistance until she has a full year's residence in Pennsylvania.

In past months the family had exhausted all of its resources and credit. She turned to the county as a last resort and the commissioners this morning decided that "outdoor relief" could provide \$15 per week until the family is eligible for public assistance.

\$57,000 Thompson Will Is Probated

Robert A. Thompson was named executor of the \$57,000 estate of G. R. Thompson, late of Gettysburg, in the will entered for probate today in the county office of the register and recorder. The real estate consists of an apartment house at 22 Carlisle St., valued at \$20,000 and a two-family dwelling at 333 York St., valued at \$37,000.

The apartment building was left to his wife, Winifred Thompson, according to the will, for the rest of her life and she is to receive all income and rent. Upon her death the property shall be sold by the executor and proceeds be divided among the remaining children.

The deceased's wife is entitled to the use of the grandfather's clock and upon her death, his son, Robert, has the right to purchase it for \$500, according to the will.

The balance of all household property and an automobile were devised to his wife. The executor is directed to sell the rest of the real estate and the proceeds shall be equal shares to these children: Blanche A. Bowers, Margaret Bell Deatrick and Robert A. Thompson.

Governor Lawrence Demands "Austerity In Spending" At First Cabinet Meeting Today

HARRISBURG (AP) — Gov. Lawrence, meeting with his cabinet for the first time since taking office, gave strict instructions today for austerity in spending even to the level of department purchases of equipment.

Lawrence told his 18-member cabinet that "this is going to be an action administration."

In a brief meeting with the cabinet less than 24 hours after he was inaugurated, Lawrence stressed the need for a solution to the state's money problems.

"We must try to get as much as we can out of the dollar," he told the cabinet, adding:

"This is because of the spiral of inflation making people demand more—tax problems are hitting at all levels, federal state and local."

He called for a better state operation than ever offered before and cautioned that "we also must be always alert to make certain that not a trace of dishonesty in the conduct of the public's affairs."

He promised to take prompt and vigorous action against anyone at any level who is not performing duties and responsibilities efficiently and honestly.

Lawrence noted, as he did in his inaugural address Tuesday, that his administration would be one of "conciliation—cooperation."

On the advice of Sen. Joseph M. Barr, Democratic state chairman, Lawrence instructed his cabinet members to be cooperative with members of the Legislature.

He reminded them of the slim margin of Democratic control in only the House.

Only one chosen member of Lawrence's cabinet was absent from today's meeting—Frank G. McCartney, whose nomination as state police commissioner was blocked Tuesday.

Ike Says U.S. Will Not Be Pushed Around On Peace Path

WASHINGTON (AP) — President Eisenhower said today Russia must come to understand the United States simply won't be pushed around in working for world peace.

Eisenhower told a news conference that was the purport of his message to Anastas I. Mikoyan, the Soviet deputy premier, as he left for home after his U.S. visit.

On a domestic political matter, Eisenhower said he would favor repeal of the present constitutional ban on a third term for presidents.

Eisenhower has said repeatedly that he would not be interested—primarily because of his age—in a third term. There was no indication in what he said today that he has changed his mind about that.

The subject came up when a newsman recalled that Eisenhower once said he thought it "not wholly wise" for the third term ban to have been written into the Constitution.

In reply, the President said he still thinks it was not a particularly wise decision. He added that if the American people want to make any man their president, then it should be up to them and he sees no objection to more than two terms.

BOOST UNITED PHONE RATES IN NEW OXFORD

Approximately 12,500 of the United Telephone Co. subscribers in the New Oxford and Hanover areas are affected by a rate increase approved Tuesday by the Public Utility Commission.

The rate increases in the two communities will be as follows: Residential - single line, from \$4.70 to \$5.60; two-party line, \$4.10 to \$4.90; four and multiple party line, \$3.50 to \$4.20.

Business - single line, \$7.75 to \$9.25; two-party line, \$6.75 to \$8; four and multiple party line, \$5.75 to \$6.75.

The PUC approved only part of an estimated \$805,000 a year boost proposed by the utility, and suspended an increase for other subscribers for six months to July 20, the Associated Press said.

Affects 36 Exchanges

The commission said the increases were approved for 47,126 phone users in 36 exchanges where dial operation has been completed or will be finished this year. The suspension was ordered pending investigation in 28 other exchanges where conversion to dial telephones will not be completed before 1960.

The commission said its chief aim is to find out whether an immediate increase in those exchanges would be discriminatory since common battery and mag-neto service still is used.

Battery Phones

One thousand five hundred patrons in the Littlestown area use the battery type phone. He said a dial study of that area is planned for the future.

The commission in 1956 authorized a \$592,000 a year increase which raised United rates to their current levels.

The company said the new increase is needed to meet what it called the "spiraling cost of operations" and bring earnings up from 4.8 to approximately six per cent.

Besides York and Adams, the firm serves patrons in 14 other counties in eastern, central and southern Pennsylvania.

Will Abandon Vanguard Plan

WASHINGTON (AP) — The United States is closing out its Vanguard satellite program after four more launches in favor of "bigger and newer things."

Just what is planned wasn't specified by Homer J. Stewart, director of program planning and evaluations for the National Aeronautics and Space Administration.

He told a meeting of the National Rocket Club Tuesday that beyond the four upcoming launches there is "no intention of continuing the Vanguard program as such."

Stewart gave that answer when asked why President Eisenhower's new budget allocates no funds for the Vanguard project.

Of seven Vanguard attempts since December 1957, only one has succeeded. The Army has put three satellites into orbit.

The Vanguard program was transferred from the Navy to the new space agency last year. Stewart said Vanguard funds transferred to NASA are expected to finish out the program.

Stewart declined to discuss schedules for the four additional Vanguard firings. However, a launching is expected by mid-February at Cape Canaveral, Fla.

Police Warn Of "Bogus" Salesman

State police are searching for an alleged "bogus" used furnace salesman.

The man has victimized a number of persons in the Hagerstown area and at least one family in Adams County, police said. The man makes a good appearance, police say. He is six feet tall, weighs about 230 pounds, and is in his early 40's. He drives a 1949 or 1950 De Soto sedan with New Jersey tags and visits the home to interest the families in purchasing used furnaces "cheap." He takes a down payment, discusses future payments over a period of time, leaves a receipt and leaves. The family never receives the furnace, police said.

Police claim he victimized persons in low income bracket. Police report one family was victimized in which the father-in-law had a low paying job and his son-in-law and daughter lost their jobs. They moved in with the father-in-law. They lost \$18 to the salesman.

BANK CHARGES
\$475,000 LOAN
OFF AS A LOSS

HUNTINGTON, N. Y. (AP) — The Security National Bank of Long Island has charged off as a loss \$475,000 loaned to Pittsburgh Promoter Earl Belle and his associated firms including Cornucopia Gold Mines.

The bank's chairman, Herman Maas, who took over last September, said losses in loans to Belle and others, and in an alleged fraud by a branch bank manager, totaled nearly one million dollars last year.

Maas, in reporting to stockholders at their annual meeting Tuesday, said, however, there were prospects of significant recovery. The bank, Long Island's third largest, has assets of nearly 184 million, deposits of 167 million and 12 million in capital funds.

Awaits Extradition
Belle is awaiting extradition in Brazil on embezzlement charges. Maas said a prominent Boston stockholder of Cornucopia whom he did not name was undertaking a reorganization through a Texas concern that could mean a substantial recovery.

Maas explained to the stockholders that Belle had come to them well recommended by Pittsburgh and Cleveland banks. He said Belle's dealings with Security National was through Long Island concerns in which Belle had bought major control.

"His references checked, analysis and investigation didn't show any dilution of assets—until he took off for Brazil," Maas said ruefully.

Charge Ex-President
George Heaney, the bank's president during the million-dollar loss period, was arraigned last month on charges of violating federal bank laws.

The bank lost \$400,000 in an alleged fraudulent loan to Joseph Lamonica, a Long Island home improvement contractor, Maas said. The branch manager who made the loan, Malcolm P. Ryan, had been indicted. Lamonica has

Bernard Weaver. The Lord's Prayer was prayed in unison. Colored slide pictures were shown by Mrs. Cloy I. Crouse, which she and her husband took on their trip to Europe last summer. Refreshments were served to the group by Miss Malva Duttera, Miss Louise Duttera and Mrs. George DeHoff.

also been indicted in connection with a check-raising scheme involving other banks on Long Island and in Miami.

DeMille died at his home at 5:30 a.m. He had been ill for a week. Death was attributed to a heart attack.

With him when he died was a daughter, Cecilia, and her husband.

DeMille, who remained at the top of motion picture hierarchy from the days of his infancy until the present, had just returned from extensive travels on behalf of the movie, "The Buccaneer," when he became ill.

He also had traveled widely in Europe recently, plugging his mighty epic, "The Ten Commandments," which stands as one of his greatest pictures.

Also in the house when he died was his wife, Constance, whom he married in 1902 when he was a touring actor. She has been ill for some time.

In addition to his wife and his daughter, Cecilia, he leaves two sons, John and Richard, and another daughter, Katherine.

\$12,000 Blaze
Destroys Home

UNIONTOWN, Pa. (AP) — An early morning fire today destroyed the two-story frame home of a Fayette County farm family but the family was luckier than most—it had a new home in which to live.

The blaze broke out in a second-story bedroom of a home owned by John Williams, 68. Living with him were his son, Arthur and his wife and the couple's three children. The home was located 5 miles north of Uniontown near Bethel Borough.

The Williams were cleaning an adjacent new home, preparing to move, when the fire broke out. The elder Williams suffered from shock as the roaring blaze destroyed the dwelling and all of its contents.

The power of a burgess to define parking violations and make arrests was challenged at a session of Cumberland County Summary Appeals Court.

John I. Burk, Lemoyne, testified that Lemoyne Burgess Herbert N. Preble was listed as an arresting officer on an information filed for illegal parking in which he ordered the defendant to pay \$10 fine and costs.

Burk testified that he parked behind a row of diagonally parked automobiles in front of a barber shop to make a milk delivery. Burk testified that Preble ordered the vehicle removed without identifying himself. Burk read a statement from the Pennsylvania Burgess Manual: "A burgess is not permitted to make arrests."

YORK COUNTY

A four-block area in York was closed off late Tuesday night after flames, fed by gas believed to have collected in a sewer line, shot up out of a storm sewer drain.

No damage was reported to any properties.

City firemen checked nearby homes for escaping gas, and city police blocked off all traffic from the area.

The blaze was said to have started when a youth lit a cigarette and tossed a match into the drain.

Mr. and Mrs. Robert Gemmill and their nine young children were left homeless Tuesday when fire destroyed their home at Seven Valleys R. 2, and all of their possessions.

ALCORN CALLS
FOR GOP WIN

By JACK BELL
DES MOINES, Iowa (AP)—GOP National Chairman Meade Alcorn called on Republicans today for full-time efforts to elect a president and win back Congress in 1960.

Alcorn said in a report prepared for the party's Executive Committee that the National Committee plans to draw on every population group for "an all-out drive to recruit a vast army of Republicans who will march to victory in 1960."

"I am convinced," Alcorn said, "that we can no longer afford the luxury of part-time dabbling in politics. This applies to us as individuals and as a party."

The national chairman spoke out as the subcommittee to pick a site for the presidential nominating convention next year appeared to be narrowing its selection to three cities. These included Chicago, Philadelphia and San Francisco.

GOVERNOR OF
ALASKA FACES
FIGHT FOR LIFE

SEATTLE (AP) — Alaskans offered a prayer today for their first elected governor, fighting a desperate battle for survival after an emergency operation for a serious intestinal ailment.

William A. Egan, 44, remained in critical condition although Dr. Leland Spalding, resident surgeon at Virginia Mason Hospital, said the governor, a Democrat, was resting comfortably. Mrs. Egan and the couple's son, Dennis, 11, were at the bedside.

The former storekeeper from Valdez underwent emergency surgery Tuesday morning. He was flown here from Juneau, Alaska's capital, only a few hours searlier.

"Desperate Chance"
Dr. Joe W. Baker, who headed the team of surgeons, said afterwards Egan had a "desperate chance to get well." His chances, Dr. Baker added, were "little less than 50 per cent."

The slightly built, unassuming governor took the oath of office Jan. 3, only a few minutes after President Eisenhower declared the huge northland the union's 49th state.

Four hours later Egan was hospitalized for a gall bladder ailment. He underwent an operation in Juneau Jan. 6.

Meanwhile, Secretary of State Hugh J. Wade, 56, also a Democrat, has taken over the affairs of state. He became acting governor when Egan left the capital.

SEE PROSPECT
FOR CHANGE IN
LABOR LAWS

By NORMAN WALKER
WASHINGTON (AP) — Changes made in the Labor committees of the new Congress pointed today to increased chances for action on labor-management control legislation and possibly other labor measures as well.

Democrats increased their margin on the House Labor Committee from 17-13 to 20-10 and on the Senate Labor Committee from 7-6 to 9-6.

Moreover the Republican side of the Senate group took on a less conservative tone. Sens. Winston L. Prouty (VT), Jacob K. Javits (NY), Clifford P. Case (NJ), and John Sherman Cooper (KY) will be serving for the GOP with Sens. Barry M. Goldwater (Ariz) and Everett M. Dirksen (Ill.).

Similar To Last Year
Coupled with the committee re-vamping are indications from the Labor Department that the administration is not too unhappy with the anticorruption bill introduced Tuesday by Sen. John F. Kennedy (D-Mass.).

Some additions and changes for Kennedy's bill are expected to be included, however, in the administration program which will go to Congress soon.

The advance word is that the President's recommendations and the administration bill will closely resemble what was proposed last year.

If so, they will parallel much of Kennedy's bill. Points in common call for secret ballot union elections, strict accounting of union funds, criminal penalties for labor-management corruption, and a sprinkling of changes in the Taft-Hartley Law.

OSLO, Norway (AP) — The Soviet government today charged that U.S. and British warplanes are using Norway's Bodoe Airport as a base for reconnaissance flights to Soviet frontiers. Moscow made the charge to the Norwegian Ambassador.

Press chief John Hedemann said the Defense Department has no knowledge of British or American planes using the far-north base for such a purpose.

G. R. THOMPSON
DEATH NOTED

A resolution of condolence on the death of G. R. Thompson, died here last week, was introduced in the General Assembly at Harrisburg, Monday by Assemblyman Francis Worley of this county.

The resolution cited Mr. Thompson's record as a businessman and farmer, as a former sheriff of this county and once a member of the state legislature and noted that Adams County registrations switched to the Republican column while he was GOP county chairman.

Mr. Worley introduced three more bills Monday and co-sponsored a fourth, all of them entered at the request of constituents, he said.

One bill would repeal the act that gives judges 80 per cent of their salary at retirement. It would return the pension pay level to 50 per cent. Mr. Worley, who opposed the 80 per cent move when it was enacted, said his bill is an economy measure.

Another bill, requested by sportsmen, would close the season on antlerless deer for three years. A third would raise the penalty from \$25 to \$100 for throwing bottles or broken glass on a highway.

The fourth bill, co-sponsored by Assemblyman Wargo of Lackawanna County, a Democrat and a disabled veteran, would extend to other cripples the right to hunt from an auto now extended to disabled war veterans.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times
TWENTY-FIVE YEARS AGO

Dr. P. M. Bickle, 89, Dean Emeritus of College, Expires: Dr. Philip Melancthon Bickle, dean emeritus of Gettysburg college, where he taught for 50 years, died at his home, 149 West Lincoln avenue, at 3 o'clock this morning of pneumonia.

He was graduated as salutatorian from Gettysburg college in 1866 and three years later from the Lutheran theological seminary here.

For a year after his graduation from Gettysburg college Doctor Bickle taught in the old York county academy. His pedagogical career however dates from 1869 when he began teaching Latin and Greek at North Carolina college, where he remained for one year. He then became vice principal and professor of Latin at the Lutherville female seminary, Lutherville, Maryland. Before returning to Gettysburg College in 1874, Doctor Bickle took a post graduate course at Dartmouth college. His first professorship at Gettysburg college was in the chair of physics. In 1881 he took over the department of Latin and literature. In 1889 he was named dean of the college, a position he filled until he retired.

At 94 Woman Recalls S.S. Days Under Jennie Wade: Days when the name of Jennie Wade meant no more than a host of other names along the Pennsylvania border are recalled by Mrs. Amanda Trice, Harrisburg, who was born in Greenmont, near Gettysburg, twenty years before the outbreak of the Civil war. It was to this community, Mrs. Trice, who is in her ninety-fourth year, remember that Jennie Wade, a young Gettysburg girl, came to assist in the post office, which in that day was also the general store.

And when the postmaster went to war to fight with the Union army, it was to Jennie's care that he entrusted the Methodist Sunday school, of which he was the superintendent. Likewise, then the army called the superintendent of the United Brethren Sunday school, he too enlisted Jennie's aid and the girl, although herself a Lutheran, was left to teach two schools which met at McCurdy's school.

It was here that Mrs. Trice, then Amanda Shanner, a pupil in the joint school, learned to know the famous character of Civil War history. When it became certain that the Southern army was coming northward, Jennie Wade left for her home in Gettysburg where she lived with her mother and younger brother and it was there that she was killed by a stray bullet while kneading bread, Mrs. Trice relates.

Today's Talk

EMERGENCIES

We know next to nothing as to the extent of our own vital resources. How brave are we? What is the extent of our ability to take sorrow, serious failures, or disappointment? What do we know about our fitness for responsibility? What would we do in a grave emergency? These are topics that challenge us all. We just don't know how we would handle ourselves in an emergency.

Silent, personal thinking on such experiences rarely alerts our attention. The strong character, however, is that one who masters himself and influences others. The able person is the one best versed in taking to emergencies. Only as we welcome emergencies do we grow and nurture the growing pains within us.

We ought to welcome and invite the opportunity to learn. How much greater and efficient we might be if we kept delving into our hidden selves! To be prepared for emergencies is a kind of virtue. How ill prepared we are to face the ordinary emergencies that come to our front doors time and again.

It's what we think that is so important. To so many it never occurs to do so. Yet all the great books and experiments are saturated with thoughts—that other men have instituted. We touch greatness all through our lives without seeking its significance.

A roommate of mine in college once told me that after reading Hugo's "Les Misérables" he was a changed individual. The characters came alive and talked to him.

Most of us shun emergencies until they have lost their flavor. Then much of their beauty escapes and we are left the poorer. Readiness to grasp the many daily significant events that parade before us is a silent form of kindly genius.

Tomorrow Mr. Adams will talk on the subject: "Mental Unemployment."

Just Folks

MEN
Men are willing to forget
All the failures you have made;
Men are always glad to let
You have time to pay a debt
If you only indicate
That the day you strike your gait
You will see that it is paid;
That you're trying, show to them;
Then not one will you condemn.

Men will gladly overlook
Your mistakes of yesterday;
That the wrong road once you took
They'll forget, and close the book
Of your past, if you but show
That you really want to go
On the right and proper way.
Men will only pass you by
When they see you will not try.

S. S. W. Hammers Dies Wednesday At Age Of 82 Years: Samuel Solomon Washington Hammers, 82, familiarly known as the "sage of Hammers' Hall," died at home in Highland township at 1 o'clock Wednesday morning of infirmities and complications.

Mr. Hammers, who was known to almost every man, woman and child in Adams county as "Squire Hammers" gained a measure of national prominence during the latter years of his life by writing and distributing more than 75,000 religious tracts to inmates of prisons and other penal institutions throughout the country.

Several years ago, the governor of Ohio, whose attention had been called to the pamphlets being sent out by "Squire" Hammers, wrote a personal letter to the "sage of Hammers' Hall" commending him for his activities and sending him a list of 260 prisons and penal institutions in the Buckeye state and expressing the hope that he would continue to send out the writings.

HEAVYWEIGHT TITLE BATTLE IN THE MAKING

NEW YORK (AP) — The long and sometimes baffling list of likely candidates to meet Floyd Patterson in his next defense of the world heavyweight championship had narrowed down to one today — Ingemar Johansson, a Swede who was disqualified from the finals of the 1952 Olympics for "refusing to fight."

Promoter Bill Rosensohn said the fight was 90 per cent in the bag and he plans to stage it in Los Angeles, Colorado Springs or New York.

Neither the promoter nor the fighters are the important cogs in the negotiations. They are merely spear carriers for tempestuous Cus D'Amato, Patterson's manager.

Not Quite Certain
"Unless something unforeseen happens, I cannot see any obstacles in the way of a title match," Cus said.

Coming from D'Amato, that is like the weather bureau predicting fair and warm for the next year. There have been suspicions all along that Johansson—if he could get out of his return bout contract with Eddie Machen, whom he knocked out in the first round last year—would be Patterson's next opponent.

Picture Brighter
But D'Amato, a suspicious one, found all sorts of obstacles. As late as last Sunday, he refused to talk to Eddie Ahlquist, a Swedish boxing promoter, who lists himself as Johansson's agent.

Rosensohn, however, persuaded D'Amato to talk to Ahlquist, at least until Johansson shows up. "The picture brightens pretty much now that Cus and Ahlquist have talked," said Rosensohn, who promoted Patterson's last defense of his title against Roy Harris.

BERRA, FORD GET PAY CUTS

NEW YORK (AP) — The New York Yankees onetime star battery of left-hander Whitey Ford and catcher Yogi Berra were among the world champions rumored today to have received salary cuts this year.

Both had off-years — for them — in 1958 and a world championship season wasn't expected to overshadow that fact as the players began receiving their 1959 contracts in the mail.

Ford had a 14-7 record, being plagued throughout the season with a bad elbow but was not the effective stop-gap as in other years. Berra batted .266, well below his usual .290-plus mark.

Yankee General Manager George Weiss said Tuesday that the 1959 contracts were mailed out over the weekend and admitted that some of the Yankees received pay cuts.

"I don't like to name names, but you can't continue to raise players to fantastic levels for good years and then not cut them for bad years, or at least hold them even," Weiss said.

AUBURN WILL MEET GEORGIA THIS EVENING

By THE ASSOCIATED PRESS
Kentucky, North Carolina and Kansas State, beware!

The record shows that top-ranked college basketball teams slump when facing their first stiff tests following the mid-year examinations.

A year ago at the mid-term hiatus, West Virginia had a 13-0 record and was the nation's No. 1 team. The Mountaineers won their first game following the break. But their unbeaten skein went by the boards in the next one in a 72-68 upset loss to Duke.

Kansas Lost Also
Kansas, No. 2 a year ago, had won 12 games and lost two. But the Jayhawks dropped a 79-75 verdict to Kansas State and were beaten twice more to finish with a season mark of 18-5.

The current top three teams are idle until next week. Kentucky and Kansas State swing back into action Monday and North Carolina on Friday. Kentucky faces Georgia Tech, Kansas State meets Iowa State and North Carolina plays Clemson.

Auburn Vs. Georgia
The only major game on tonight's schedule pits unbeaten Auburn (11-0) against Georgia. Auburn is the No. 5 team.

In Thursday night's games, VMI won its first Southern Conference game in seven starts by edging Virginia Tech 81-78. Bowling Green handed Kent State its first Mid-American Conference loss 68-59 and Murray, Ky. whipped East Tennessee 73-62 in the Ohio Valley Conference.

WILL MANAGE ALLENTOWN

ALLENTOWN, Pa. (AP) — Warren (Sheriff) Robinson is the new manager of the Allentown baseball club in the Class A Eastern League.

Robinson was named Tuesday by the parent Boston Red Sox to succeed Eddie Popowski who goes to Alpine in the Texas Sophomore League as manager.

Joe Buzas, owner of the Allentown club, also announced the team would continue to play on Braden Field. Max Hess, department store owner who bought the field to construct a huge shopping center, granted the club permission to use it during the 1959 season, Buzas reported.

He disclosed that before permission was obtained he had contacted Jersey City, N. J., and Hagerstown, Md., with a view to moving the franchise.

The new manager, Robinson, held a similar position last season with Memphis of the Southern Assn. A former catcher with Rochester, Louisville and Baltimore, he is in his seventh year as a minor league manager.

General's Little Joke Nets Shivers But No Laughter

By ROGER GREENE
WASHINGTON (AP) — Testifying behind locked doors on Capitol Hill, the general told a little joke.

The story was about a man who went to visit a friend in the hospital and found him all bandaged up, with a broken arm and one leg in a plaster cast.

Patient: "What in the world happened?"
Visitor: "You remember the party Saturday night? Well, you got up on top of the dresser and said you could fly to the other side of the room. You jumped off and didn't make it."

Some Shivered
"Why didn't you stop me?"
"Stop you? I was betting you could do it!"

The lawmakers gathered around the table at a House committee hearing didn't laugh — a few of them shivered — as Maj. Gen. William M. Creasy, then chief of the U.S. Army Chemical Corps, related the joke.

For Creasy used the story to illustrate how secret new types of nerve gas — or "nerve discombinators," as he called them — might be used to subdue the enemy in a conflict involving germ or chemical warfare.

"The point is," said Creasy, "that if (the gas) will do these things to you. You will be acting very irrationally and the other people who have also been subjected to it will not know it, either. Everybody will be on the bandwagon."

Creasy's heavily censored testimony, when published, did not elaborate on the weird effects of certain nerve gases beyond saying they would "upset your behavior pattern."

But in citing "gases that affect the minds of men . . . (and) break down a people's will to fight," the general seemed to be hinting at a new type of warfare — with-

out guns, bombs or bayonets — in which victory would be achieved without killing or maiming on either side.

Temporary Madness
While the Pentagon shies away from almost all discussion of germ warfare, further enlightenment about these "psycho-chemical" weapons has come from Dr. E. L. Kropp of the Battelle Memorial Institute, Columbus, Ohio, which engages in numerous defense research projects.

In a report Dr. Kropp described laboratory experiments by a scientist named Hoffman involving a chemical which produces temporary madness. The chemical is known as LSD-25 or lysergic acid.

"To give you a little insight as to how active this material is, it has been estimated that less than a pound would cause all the inhabitants in New York City to take on a Schizoid reaction" — i.e., an emotional disturbance marked by such things as delusions and hallucinations.

Describes Effects
Describing the effects from a self-dosage of .25 milligram of LSD-25 — less than one-thousandth of a gram — Hoffman wrote:

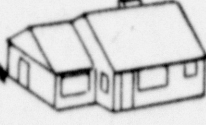

"I had great difficulty in speaking coherently, my field of vision swayed before me . . . objects appeared distorted like images in a curved mirror . . . the faces of those around me appeared as grotesque colored masks . . . I shouted half insanely or babbled incoherent words . . ."

Six hours later the siege of temporary madness began to taper off.

In six hours, with the opposition temporarily and harmlessly reduced to so many babbling idiots, enemy invaders could march in without firing a shot.

Warriors Again Win On Road, Top 'Cats 62-52; Scrubs Bow In Overtime

Gettysburg again showed its preference for a foreign court Tuesday evening when it turned in another fine performance to defeat the Mechanicsburg Wildcats 62-52 on the latter's floor to close out the first half race of the South Penn League.

The Warriors, who logged a 3-5 record during the half, won all of their games away from home. Tuesday's 62 points was a new high total for the Forneymen this season.

It took a fine all around performance by all Gettysburg players to turn in the upset. Three crashed into, double figures in scoring, Tommy Crist getting 18, Mike Small 16, and Bob Furney 15. Don Coldsmith, subbing for ailing Hardy Nichols, was a very capable sub and notched eight points while Sid Weikert got three and Stan Prosser added a goal.

Furney Opens Fast
Furney netted the first seven points for Gettysburg as the Warriors got off to a 5-0 lead before Barry Brandt tallied for the 'Cats. Mechanicsburg pulled up to a 9-9 tie with 2:39 minutes remaining in the period but Crist ripped through three set shots, Coldsmith and Furney one each as the Warriors led 18-12 at the end of the round.

The second period was nip and tuck with the score tied at 24-24, 26-26 and 28-28 before Coldsmith landed a jump shot to give Gettysburg a 30-28 lead at intermission.

Mechanicsburg's only lead came in the first minute of the third quarter at 31-30 on a goal by Barry Brandt and foul by Tom Blosser. Three straight twin-pointers by Furney, Small and Crist put the Warriors back on top and at the end of the period Gettysburg led 46-43.

A three-pointer by Blosser to open the final stanza for Mechanicsburg tied the score at 46-46. Crist retaliated with a goal, and Small, who collected two goals and six fouls in the last quarter, dropped through two free tosses as Gettysburg led the rest of the way. Crist fouled out with 1:32 remaining but the scrappy Warriors pulled away in the closing moments through the efforts of Small.

Double Overtime Loss
The Warriors jayvees dropped a 40-38 verdict in the preliminary in double overtime. The score was tied 38-38 after the regulation time. Gettysburg controlled the ball most of the first overtime but took only one shot which failed as neither team scored. A one and one foul shot was also missed by the locals during the second sudden death round. Then a set shot by Atkinson gave the Wildcats their hard-fought triumph.

Gettysburg will be idle until next Tuesday when it opens the second half race by meeting Hershey High here.

Carlisle Wins Title
Unbeaten Carlisle, defending league champions, sewed up the first half title championship by crushing second-place Waynesboro 83-47.

SCHOOL LOSES ACCREDITATION
PHILADELPHIA (AP)—Temple University School of Theology has lost its accreditation with the American Assn. of Theological Schools.

The result has been a loss of students and a heavy blow to the school's reputation.

Dr. Millard E. Gladfelter, university provost, disclosed the association's action yesterday. No reason was given.

The interdenominational school now has 64 undergraduates representing nine denominations. At this time last year there were 108 students from 18 denominations.

The smallest animals belong to the shrew family—mouse-like creatures which live just below the surface of the ground. They can consume their own weight in insects every three hours.

THREE MISSING IN NYACK BLAZE

NYACK, N.Y. (AP)—A spectacular fire destroyed a fashionable apartment house in South Nyack today. Hours later police listed three occupants missing.

The blaze was discovered shortly after 1 a.m. It was reported by firemen at first that all 29 occupants had escaped without injury.

Many of the residents were taken in by neighbors.

Police checked homes in the immediate area and accounted for 26 refugees.

Three women unaccounted for were listed as Alice Freeman, Gladys Caine and Mary Narrido. The building, with 25 dwelling units, was tenanted mostly by aged persons.

Favor Perkins By Narrow Margin

WASHINGTON (AP)—Eddie Perkins of Chicago is a hairline favorite to outpoint Lahouari Godih of Algeria tonight in a 10-round lightweight bout that concludes a fanciful soiree at Capitol Arena.

The Perkins-Godih brawl is next on the program after—hold your hats, men—a fashion show with pretty girls.

This mixture of fisticuffs and fashions was contrived by promoter Goldie Hearn with a triple aim: to titillate the fight fan, let 'em know that they're wearing in California these winter days, and benefit the March of Dimes.

TV fight fans will miss the girls but can watch the pugilists over the usual Wednesday night network—ABC, 10 p.m. EST.

WARNER AND PARKER LEAD FROSH CAGERS

Records of the Gettysburg College freshman basketball team (8-3) reveal that Ronnie Warner, ex-York High star, and Bob Parker, former Yeaton ace, have accounted for 536 points of the 931 registered by the yearlings.

Warner is the leader with 293 points while Parker has landed 243.

Parker is also high in total assists, being credited with 74. Earl Little, former Gettysburg High star, who missed much of early season activity because of football, is second in assists with 22.

Top rebounder on the squad is George Burnett, Wisomco, Md., who has captured 104. Bruce Simpson, Sunbury, has snared 84.

Mrs. Ruth Nary And Mrs. Marvel Shreve Serve As Telephone Operators 81 Years

Eighty-one years of service at the telephone switchboard in Biglerville have been completed by Mrs. Ruth Nary and Mrs. Marvel Shreve. The two veteran operators were presented Telephone Pioneer of America certificates recently by John Caldwell, district manager of the United Telephone Co.

Mrs. Nary, with 53 years of service, ended her operating career last Saturday and will retire at the end of her accumulated vacation time. Mrs. Shreve, who became an operator at the invitation of Mrs. Nary 28 years ago, will continue at her switchboard job.

As a young girl Mrs. Nary used to visit the telephone office, then located where the Biglerville National Bank now stands, and it was through these visits that she got her first operating job. At the time, the office was open from 7 a.m. until noon, from 1 to 5 p.m., and from 6 to 9 p.m. If you didn't make your call during these hours, you just didn't make it.

Continuous Service

Later it was decided to make the service continuous and Mrs. Nary was engaged to fill in during the regular operator's lunch and supper periods. The switchboard in those days was a single-position (place for only one operator to work) board with 20 lines. A single trunk line connected to Gettysburg. Today's board has six positions and there are 35 lines to Gettysburg.

When Mrs. Nary started, the

John Caldwell, district manager of the United Telephone Company, is shown presenting Telephone Pioneer of America certificates to two veteran Biglerville operators, Mrs. Marvel Shreve (left) and Mrs. Ruth Nary. Those two operators have 81 years of accumulated service.

operator provided her own current for ringing by turning a crank at the side of the board. The hours were long, too, and the operator worked seven days a week. Mrs. Nary recalled the first operator, the late Mrs. William Armour who was Miss Ida Grenoble when she was Biglerville's "hello" girl.

Six Operators Now

The late Mrs. Ed Sachs was the

second operator and she was succeeded by Mrs. Nary and her mother, Mrs. Alice Reed, now 85 years old. Mrs. Reed is a veteran in her own right. She was an operator for about 28 years until she retired 20 years ago.

During Mrs. Nary's working years, the telephone business has grown in the community. The single-position board was succeeded by a two-position job and later that, too, gave way to larger equipment. At the busy times of the day now six operators are on duty at one time.

Mrs. Nary was night operator at the board since 1925. Most of her work has been at Biglerville, although she was travelling chief operator in 1920-21.

Doubtful Start

Mrs. Shreve's career got off to a doubtful start. Like Mrs. Nary, she had been accustomed to visiting the office on the way to school and had learned about operating from observation. At least that is what she thought. But when she began her job at Mrs. Nary's suggestion in 1930, she began to have some doubts. "I didn't like it at first," she said. There are plenty of opportunities to get confused and when she made a mistake in handling one call "that man gave me a good going over."

A relief operator at first, Mrs. Shreve found herself in a regular job after the first few months. "Through the depression I was sure glad I had that job," she said. For a time she also served as chief operator at Biglerville. Most of her service has been there, although she assisted at other central offices in emergencies.

She said that so many things happen that one doesn't remember them all clearly. But she does remember one incident. "It was

Emmitsburg VIGILANT IS CALLED IN 36 FIRE ALARMS

The Vigilant Hose Co., of Emmitsburg, responded to 11 fire calls during the past month. Fire Chief John S. Hollinger reported at the company's recent meeting in the fire hall. Three were chimney fires, four field, one building construction, one barn, one house and one electric sign.

Chief Hollinger, in presenting his annual report, said that 36 calls had been answered during 1958 and that the average number of firemen responding to the calls was 32.3. The report disclosed that of the entire total, five calls were answered within the corporate limits of the town and 31 in the rural sections. Of the total, 31 fires were quelled in Maryland and five in Pennsylvania. Day calls amounted to 26 and night, 10. Man hours consumed were stated as 1,392; pumper hours used, 15; miles traveled, 579; service calls, pumping wells, etc., 42; property involved (Md.) \$710,250, (Pa.) \$34,000; property loss, (Md.) \$55,000, (Pa.) \$20,000.

During the year 12 members were enrolled in basic firemen's training courses sponsored by the University of Maryland; seven completed first aid courses and six took Civil Defense courses.

The 36 calls were classified as: Three mutual aid; one false alarm; nine chimney; four field; 13 houses; three barns; one auto; one tractor; one bulldozer; two commercial properties and one miscellaneous type building.

President John J. Hollinger presided at the meeting. Thirty members were present. The president announced the company had been awarded third prize in the Christmas decorating contest sponsored by the Chamber of Commerce and he thanked the committee for its "splendid work."

Charles Hartdagen and Brooke Damuth were appointed as delegates to the Community Fund. Two new members, Richard Little and Emory Wagerman, were voted into the organization. Secretary J. E. Houck announced that dues were payable until February 1 and after that date members not paid up will be dropped from the roster.

Guy R. McGlaughlin, treasurer, submitted his annual report which was certified by the following auditing committee: Paul A. Keepers, chairman; George L. Danner and James L. Kemp.

EMMITSBURG — Lumen F. Norris, chairman of the March

the night Mrs. (Eva) Pape's barn burned. I was alone on the board and I had to contact most of the fire companies in the county." She agreed that that was "quite a night."

Mrs. Shreve has seen some changes, not only in the equipment but in the subscribers. When she started it was not uncommon for a caller to ask for his party by name rather than number. "We refer them to information now," she said, "if we don't know the number ourselves. At one time we looked them up." But most callers ask for a number now. Operators are schooled on emergency numbers and know the numbers of most of the doctors.

SEN. KENNEDY OFFERS LABOR CONTROL BILL

WASHINGTON (AP)—Sen. John F. Kennedy (D-Mass.) Tuesday unveiled a new labor-management control bill he said was specifically aimed at practices of such figures as Teamsters Union President James R. Hoffa.

Kennedy, in a speech prepared for the Senate, called the measure "a strong, effective reform bill which would virtually put Hoffa and his associates out of business."

The new bill is quite similar to the Kennedy-Ives bill which passed the Senate 88-1 last year but died in the House. That measure was sponsored by Kennedy and former Sen. Irving M. Ives (R-N.Y.).

Code For Union

Its key provisions would set up an election code for all unions, require public financial accounting by unions, fix criminal penalties for mishandling of union funds or books, and make some changes in Taft-Hartley law sections objected to by both labor and management.

Kennedy emphasized in his speech that "this is primarily a labor-management reform bill, dealing with problems of dishonest racketeering—it is not a bill on industrial relations, dealing with the problems of collective bargaining and economic power."

Kennedy got his bill in ahead of the administration's bill, being put together by Secretary of Labor Mitchell, and also a measure to be sponsored by Sen. John L. McClellan (D-Ark.), chairman of

TRIES TO KILL WIFE IN COURT

KOKOMO, Ind. (AP)—A laborer who once served time for shooting a man in a Western-style gun draw in a hotel lobby tried seven times Monday to shoot his estranged wife in Circuit Court here.

William Gann, 24, was held today on a charge of assault with a deadly weapon in trying to shoot his wife, Helen, as she neared the witness stand in a hearing over support for their two children.

The weapon did not fire because

Gann was using American ammunition in a foreign-made pistol. Lawyer John Grimes, waiting for another case, took the pistol from Gann as the court bailiff and another lawyer hurried Mrs. Gann out of the courtroom.

Gann was sentenced to prison for a year in 1953 after shooting Don Guernsey in the spine. Police said the two wound up a day's drinking in an argument over which could draw and fire the fastest.

QUITS STATE POST

HARRISBURG (AP)—The resignation of John D. Pennington as superintendent of the State Institution for defective delinquents at Huntingdon was accepted "with regret" Monday.

POLIO MOTHER, TEACHER GETS M.O.D. AWARD

By DOROTHY ROE Associated Press Women's Editor

NEW YORK (AP) — "What at first seems disaster can be a blessing in disguise," says the new March of Dimes Mother of the Year.

This is the philosophy of gay, pretty Virginia Connors, of Cranford, N.J., 35-year-old mother of three, who runs her own household and holds down a teaching job for the Westfield, N.J., public schools, all from a wheelchair.

Mrs. Connors received the 1959 award at a luncheon today in recognition of her courage and her "independence in regaining maximum self-sufficiency" after a bout with crippling polio and long months in an iron lung.

Stricken In 1955

She is the wife of John B. Connors, sales representative for a Kearny, N.J., paint company. She has two sons, John, 10, and Billy, 8, and a 4-year-old daughter, Mary. The girl was just a baby when Mrs. Connors was stricken with polio and complete paralysis in September 1955, just as she was preparing to return to her teaching job. She was hospitalized for almost a year, in an iron lung much of the time, and her family carried on.

"I never dreamed that John could manage the things he did during that time," says Mrs. Connors. "Of course the whole family rallied 'round—his and mine—and many friends came to the rescue. But the big burden was on him, and for that year he held down his own job, did mine at home, took care of the children and helped me to fight my way back to life and activity. I could never have done it without his help and love."

Queen Elizabeth Will Visit Yukon

OTTAWA (AP) — Queen Elizabeth II will see more of Canada this summer than any sovereign ever has—15,000 miles from Newfoundland to the Yukon.

The Canadian government today announced the itinerary for the royal tour by the Queen and Prince Philip, who arrive June 18 to visit until Aug. 1.

The schedule listed only one stop in the United States—Chicago on July 6 for the international fair and exposition there. The party will sail down Lake Michigan board the royal yacht Britannia.

High point of the trip will be the dedication of the St. Lawrence Seaway on June 26-27. The initial itinerary did not say whether the ceremonies will take place at Montreal or Cornwall, Ont., or both. A detailed schedule will be announced later.

SIX CHILDREN DIE IN FIRE ON TUESDAY

ASHLAND, Maine (AP) — Six children died early Tuesday in one of Maine's worst fire tragedies.

Four other members of Luther Tripp's family and two boarders escaped a flash fire that swiftly destroyed their rural home. The parents were injured in heroic rescue attempts.

The dead: Edna, 15; Ella, 12; Jeanne, 9; Alfred, 4; Barbara, 2; and Carolyn Tripp, 2.

Tripp, a 35-year-old lumber mill worker, and his 34-year-old wife Muriel, suffered severe burns. Mrs. Tripp also lost a lot of blood from a gash on one leg.

Rebecca, their 8-month-old daughter, was burned and suffered smoke inhalation.

Also burned, after two attempts to rescue some of the children, was Stanley Hickley, 20, Mrs. Tripp's half brother.

Luther Jr., 10, and boarder Blynn Cox, 24, were unharmed. The survivors escaped by going

ARGENTINA'S STRIKE BROKEN

BUENOS AIRES, Argentina (AP) — The government's order drafting transport workers into the army appeared Tuesday to have broken the backbone of a nation-wide strike against President Arturo Frondizi's austerity program.

Buses and trolley cars began rolling in Buenos Aires again as disgruntled drivers, motormen and many other strikers went back to work under the eye of security forces.

Railway and subway workers already were under mobilization orders from a previous strike and these systems were operating normally.

The government, in a pre-dawn order, had threatened to court-martial Buenos Aires transport strikers who did not get back on the job.

The nationwide walkout started Monday under the leadership of Peronista and Communist unions.

MIKOYAN OFF FOR MOSCOW

WASHINGTON (AP) — Soviet Deputy Premier Anastas I. Mikoyan left for Moscow Tuesday.

Before boarding a train for New York, where he will take a plane, Mikoyan told reporters:

"Please convey to the population of Washington and to all the people I met in the United States my gratitude for their very warm welcome and hospitality and their desire for peace and friendship with the Soviet Union. And when I arrive in my country I will convey to high people all the best wishes and the desire for peace of the American people."

He's Disappointed

Mikoyan had a private car on a train, directly behind the engine. He boarded it during a steady rain which came with the first warm day since he arrived here 17 days ago.

Mikoyan evidently was disappointed that he could not budge Eisenhower administration leaders from their restrictions on Soviet trade and their policy of standing firm against Soviet pressures over Berlin. He charged that the cold war is still on in the State Department.

Real name of Buffalo Bill, who died in 1917, was William Frederick Cody.

Mrs. Tripp, with Rebecca in her arms, leaped from the porch into the snow-filled yard.

Cat Wobbles Out Of Van; She's Lost

SECAUCUS, N.J. (AP) — Anybody lose an orange-eyed cat sometime around Dec. 29?

It could have been Los Angeles or San Francisco or Phoenix or Fort Worth or Elizabeth City, N.C., or Middleburg, Va.

The cat wobbled out of Ed Baskerville's big van here Friday when the driver opened up the back of his truck for the first time since Dec. 29.

Baskerville, 36, had packed the van in Los Angeles.

Says Funerals' Cost Must Rise

NEW ORLEANS, La. (AP) — The Order of the Golden Rules funeral directors national convention was told Monday by Nelson Hooper of Boston, Mass., that the national average of \$622 for a funeral must be increased if the business is to remain on sound terms.

He told the delegates from United States and Canada: "Ten years ago funeral directors realized a 16 per cent profit on a \$600-\$700 family unit sale, but today that profit has been cut to 12 per cent or less."

CUBAN PRISON IS VISITED BY U. S. NEWSMEN

HAVANA, Cuba (AP)—Jammed into a prison normally housing 150 inmates are 561 followers of ex-dictator Fulgencio Batista awaiting trial on "war criminal" charges.

Some probably will go free. Others will die before Fidel Castro's firing squads.

The prison is inside La Cabana Fortress on a hill overlooking Havana, not far from historic Morro Castle.

The prisoners — Batista police, military men and informers — are housed in large cells with interiors like Quonset huts. Armed guards patrol the 20-foot walls.

Escorted by two unarmed guards, our party of U.S. newsmen was given an unhindered visit to the cells.

The prisoners were reluctant to talk.

Finally one young prisoner said he would speak English "because what I say now the guards may take back to the prison director."

The English-speaking prisoner identified himself as Evelio Gil, 23, Havana-born military college cadet who joined Batista's police two years ago.

"The only crime I committed was to arrest some rebels," he said. "I struck or hurt no one."

Another prisoner, former policeman Hector Figueroa, 29, claimed all he had done was "to arrest those who were putting bombs in theaters and other public places."

"Those arrested had court hearings, even defense counsel," Figueroa said. "On the other hand, the rebel tribunals are all made up of rebels. This is Russian-type justice."
